We are very sorry to report the death of our distinguished colleague, Prof. George E. Mylonas, at age 87, on April 16, 1988, in Athens after a brief illness.

The MICHAEL VENTRIS FUND was set up jointly in 1957 by the Institute of Classical Studies (University of London) and the Architectural Association to create an annual award in memory of Michael Ventris, who was killed in a road accident in 1956.

The Fund was created with the generous help of friends and fellow-workers. It has been given alternately to support projects in Mycenaean Greek studies and in architecture undertaken by scholars and architects on the threshold of promising careers in these fields.

Now, after 30 years, inflation has defeated the best efforts of the Trustees to maintain the purchasing power of the Award, though its value has risen over the years from £50 to £500. The Trustees are therefore appealing for further funds, in the hope of raising around £50,000. It is hoped that this would permit them to support a Greek and an architectural project every year.

Donations made out to the Michael Ventris Memorial Fund should be sent to: The Secretary, THE ARCHITECTURAL ASSOCIATION, 34-36 Bedford Square, London WC1B 3ES, or The Secretary, THE INSTITUTE OF CLASSICAL STUDIES, 31-34 Gordon Square, London WC1H 0PY.
