### *Note from the Editors*

Along with this issue *Nestor* readers will find a list of ERRATA for the article "The Isles of Crete? The Minoan Thalassocracy Revisited" by Malcolm H. Wiener, in *Thera and the Aegean World III*, vol. 1 (London 1990). You may wish to attach the list to your copy of that publication. The errata were incorporated in the published text despite timely submission of corrected page proofs by the author. An accurate text of the article may be obtained at no cost from the Institute of Aegean Prehistory, c/o The Millburn Corporation, 1270 Avenue of the Americas, New York, NY 10020-1795.

It has become absolutely necessary to increase the subscription rates to *Nestor* by one dollar and fifty cents. The last increase was seven years ago. We hope to go for as many years without a further increase. The new rates come in effect in January 1992. Subscribers who are students will continue receiving *Nestor* at the current (1991) rates.
